# DISCOVER ANVIL® 2018

**ARE YOU** an innovator, an original, an idealist, yet a realist, an urbaner, and an iconic trendsetter?

Designed to match your fashion needs, ANVIL's versatile apparel honours your unique style.

For 2018, we're offering an even greater variety of on-trend choices with the all-new Women's **BLACK** tee. This companion style to our popular Adult Black Tee features a semi-fitted silhouette and curved back bottom hem, and is available in both on-trend solids and heathers.

From tees to fleece, you're sure to find a collection that's just right for you.

The **LIGHTWEIGHT** collection offers the ring spun cotton comfort everyone loves and lets you take effortless style to another level.

The trendy **TRI-BLEND** collection delivers exceptional comfort and standout style, and its gorgeous heather colours ensure you look great, day or night.

The hoodies in the **FLEECE** collection provide warmth without the bulk and can elevate any cool-weather outfit with ease.

It's our, and your, best year yet. This is our invitation for you to discover a new wear-with-all collection, because

**FASHION IS FOR EVERYONE**

# INNOVATIVE FABRICS

ANVIL® is a brand that weaves its way into everyday lives with fabrics, textures and on-trend blends for your individual style.

From hot summer days to cool nights, there's a decorator-friendly fabric that fits right into any setting.

Our Black collection's premium fabric is light enough to keep you cool yet it's strong and substantial. The enzyme wash finish mellows the fibres without compromising their strength. The result is a perfectly soft feel and a smoother printing surface.

The Lightweight collection is crafted from ultra-soft ring spun yarns for superior comfort and a statement-making look.

The Tri-Blends offer an irresistible fit and feel. The fabric combines the durability and smoothness of polyester, the softness of ring spun cotton and the light, flattering drape of rayon.

Our Fleece companions are designed to be cosy and make layering easy, thanks to their ring spun cotton/polyester fusion. You're sure to warm up to these cool fashion staples.

# DEVELOPED TO DECORATE

Everything we make is decorator-friendly with a high-stitch density that makes it the perfect substrate for any design. We pay homage to New York by decorating and designing our shirts with 10 different techniques; from traditional screen printing to DTG, vinyl cut letters, foil stamping... all with design-worthy and wear-worthy results. Visit [anvilclothing.co.nz](http://anvilclothing.co.nz) to find out about these decorating techniques and more.

ANVIL®

# ANVIL®

The rich 100-year history of the ANVIL® brand has evolved to meet the expectations of the times. Our brand promise is to deliver affordable, fashionable products that stay true to our core company values.

Our Genuine Responsibility™ programme, which leads the way in corporate social responsibility practices, is focused on four key pillars, namely environmental stewardship, community engagement, empowering our people and product safety and quality. The commitments we have made within these programmes are a key element of our overall corporate strategy, focused on treating our employees with respect and dignity, providing safe and ethical work environments and empowering our people with education and training opportunities. In 2016 alone, we delivered close to 825,000 man-hours of training to our 48,000 employees. As part of our pursuit of continuous improvement, we consistently challenge our teams to develop new methods to reduce our impact on the planet.

## RESPONSIBILITY IS WOVEN INTO EVERYTHING WE MAKE

As part of the Gildan family, sustainability and responsibility are what we're made of—and part of everything we do. As one of the world's largest vertically integrated manufacturers of basic apparel, our company has direct control over almost the entire manufacturing process, from raw fibres to finished garments, allowing us to pursue our vision of Making Apparel Better™.

Every year we publish a Genuine Responsibility Report, reporting on the progress we have made in all areas of corporate social responsibility. In 2016 we made good headway in a number of important areas, including reductions in our water intensity by 5% and energy intensity by 10%. We also recycled or repurposed close to 86% of the company's overall waste.

Our proactive approach and ongoing commitment to improving our environmental and social impacts are what sets us apart from most apparel brands. We will continue to leverage our scale, manufacturing and operational expertise by employing a life cycle approach to uncover positive changes to how we make apparel, run our company and engage with the communities where we operate.
